## 天然ボード

Natural Boards

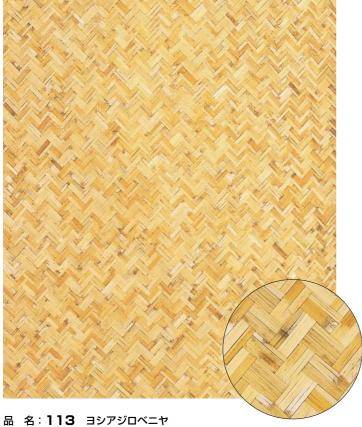

It's "A natural board (reed)" made with reeds well selected from those spread out in Biwa lakeside.

It's made of not only the reed but also a thatch and a bush clover too, so it is completed natural thing has nobility that using natural material.

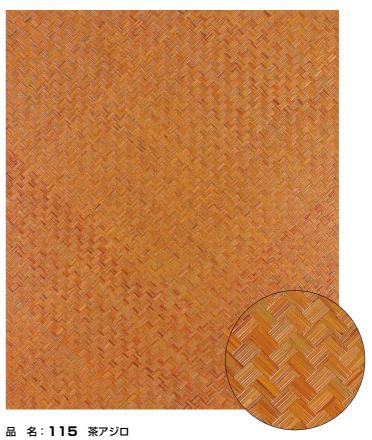

And, "the natural board (bamboo)" that makes use of simple atmosphere it's has is being well received with a good stock of merchandise and rich in variety.

"The AZIRO" that bark a cedar, a Japanese cypress, is the one that is made by the most of the technique of a tradition, and the needs to the ceiling material and fittings are rising.

We are being prepared various patterns "AZIRO" by some way of knitting.
